

# Intrusion Protection

## ACTIVELY PREVENT SECURITY BREACHES

One of the best ways to keep your organization safe is to prevent unauthorized people from entering the building. Installing a monitored intrusion detection system can dramatically increase the security of a building.

Protect people and property with security you can rely on. From simple installations to extensive projects, we offer integrated security solutions based on award-winning technology and backed by superior support. Our easy-to-use alarm systems integrate seamlessly with video cameras, smoke alarms, door monitoring systems, and more.

## CUSTOMIZABLE SOLUTIONS FOR YOUR BUSINESS

CSi can help you develop a custom security plan that fits your policies, needs, and budget while leveraging your existing security assets and infrastructure, including:

- Status monitoring of all perimeter doors, gates, etc.
- Immediate notification of a breach to security using text messaging and email
- Historical reports for identifying propped door events, security breaches, and offenders
- System monitoring for fast response by law enforcement

Reduce false alarms and significantly improve response times with CSi's intrusion solutions.
